Center for Excellence in Nonprofits

LEADERS INSTITUTE

GRADUATION 2024

CLASS XVII

OUR MISSION

Our mission is to improve the long-term sustainability of nonprofit leaders and organizations by offering the highest quality programs, consultation, training, and community-building networks. We are dedicated to empowering nonprofit leaders through continued learning and to building spaces where everyone has a seat at the table. Guided by IDEAL principles and leading practices, our goal is to be a strong source of support and information for nonprofit emerging leaders, executive directors, and board members.

ABOUT OUR PROGRAM

The CEN Leaders Institute, held annually, is an eight-month-long (October to May), intensive leadership development opportunity for nonprofit executive directors/chief executive officers. Each year, guided by our deeply held commitment to IDEAL principles, we strive to recruit a diverse group of participants that serve in a variety of organizations and missions. Leaders are then brought together on a monthly basis to share experiences and participate in full-day, high-impact professional development sessions. This established program was built on tested curriculum that can easily be put into practice at any nonprofit organization. Participants graduate with a strong peer support network and a more robust toolkit of techniques and resources to help them sustain an effective organization.

YOUR SPONSORSHIP SUPPORTS OUR LEADERS

Your sponsorship allows us to impact nonprofits in the Bay Area and beyond.

01. Provides scholarships for leaders to participate in the nine-month program

02. Ensures ongoing professional development and leadership coaching for each individual
